

## ART COVERAGE / PERSONAL ACCIDENT INSURANCE

This required insurance is intended to cover accidents occurring within the premises on the occasion of the event and which may happen to the persons listed as excluded from the Civil Liability coverage. This is the case of personnel hired for assembly, disassembly or other tasks performed within the premises.  
[Characteristics of the coverage requested](#)

The occupational risk insurance requested must comply with the following guidelines:

- When the affected personnel are in a work relationship, the employer is responsible for the insurance (ART coverage, through the payment of social security contributions). In this case, the Organizer shall request proof of coverage issued by the employer's insurance company and shall verify its validity.
- When the affected personnel are not in a dependency relationship, they must take out Personal Accident Insurance for an insured sum for death or total disability of dollars twenty-seven thousand (U\$s 27,000) and for medical and assistance expenses the amount is dollars five thousand five hundred (U\$s 5,500)

[All certificates submitted \(ART/SAP\) must include the non-repetition clause in favor of La Rural S.A. and MBG & Events S.A.](#)

[Remember that these credentials are personal and non-transferable.](#)

It should be mentioned that the amounts of coverage requested are equivalent to the risks covered by an ART, so that all insured participants for the same event will have equivalent coverage.

In order to have an adequate coverage, La Rural S.A. may reject insurance coverage issued by companies that do NOT meet the following requirements:

Be authorized to operate within the Argentine Insurance Market and under the supervision of the Superintendencia of Insurance.

### [Contracting Methods](#)

A) For personnel who are employees of the organization or of the companies contracted by it, the simple presentation of the payroll declared to the Labor Risk Insurance Company (ART) shall suffice. It is worth remembering that this insurance is mandatory for the personnel linked under any of the forms of employment relationship.

B) For those who are not included in the above description (this is the case of self-employed workers, single-employed workers, hired workers, or those who

perform tasks that require entry to the premises), the contracting of a Personal Accident Policy shall be necessary for them. It is intended to cover the same risk as the ART for this group of people (see minimum and compulsory sum insured)

[Personnel involved in food handling](#)

All personnel destined or affected to handle food must have, in addition to the points described above, their corresponding ORIGINAL HEALTH CARD from the AUTONOMOUS

Food handling personnel is understood as any person who performs, within the premises, tasting tasks, table service (waiters) and/or dispatch service and/or food preparation either in stands and/or temporary gastronomic positions (e.g.: grills, hot dogs, coffee, fast-food, restaurants, etc.) or temporary catering services (e.g.: cocktails, coffee breaks, lunches, dinners, etc.).
